Profile

I am Mugurel and I gathered my passions in Web Development. I'm a Bucharest-based future software engineer who wants to join the Frontend field. Currently learning HTML, CSS, JavaScript and React to start my career in IT. I am creative and my analytical thinking is helping me to find solutions, continuously learning how to increase my skills both technical and soft.

Employment History

Commercial Employee, Mibel Proiect Market, Bucharest
AUGUST 2021 — MAY 2022

- Provide a positive customer experience with fair, friendly, and courteous service;
- Register sales on a cash register by scanning items, itemizing and totaling customers' purchases;

Madalina-Eleonora Gheorghe

JULY 2022

Mugurel is a fast learner. Being motivated and confident, in a suitable environment he can reach exceptional abilities both when it comes to programming and soft skills. He demonstrated in his personal projects qualities both related to the design and the clean code he wrote. I believe that if he is given the chance and the necessary resources, he can create great things and has a bright future in IT.
